I authorize the following person(s) to discuss my medical needs/records as it relates to my care at ENT Specialists of OC:

AUTHORIZATION FOR TREATMENT AND ASSIGNMENT OF BENEFITS

I hereby authorize ENT Specialists of Orange to perform such medical services, which in their medical judgment are necessary for the welfare of the patient identified above. I hereby authorize ENT Specialists of Orange County to furnish information to insurance carriers concerning this illness and/or injury. I hereby irrevocably assign all benefits, including major medical benefits, for medical services rendered to be paid directly to the ENT Specialists of Orange in accordance with California Insurance Code, Section 10133. This assignment will remain in effect until revoked by me in writing. A photocopy of this assignment is to be considered as valid as an original. I understand that I am financially responsible for all charges whether or not paid by said insurance.

FEE AGREEMENT

ENT Specialists of Orange County ("We") commits to providing the undersigned ("You") with the best possible care, and will discuss our professional fees with you upon request. Your clear understanding of our financial policy is important to our professional relationship.

You are responsible for full payment of the fees billed by us. If you have health coverage, your coverage is a contract between you and your health plan ("health plan"). We do not get involved in disputes between you and your health plan regarding deductibles, co-payments, covered charges, secondary insurance, "usual and customary" charges, "medical necessity" or any other issues. We will supply factual and medical information as necessary and as requested.

As a courtesy, we will often attempt to collect payment from your health plan and for this purpose; you agree that any amount billed to your health plan will be assigned to us for payment.

Because cancellations and no-shows adversely affect our ability to serve our patients appropriately, we charge \$25 for any appointments that are cancelled or rescheduled with less than twenty-four hours notice. This fee is not billable to your insurance company and you will be responsible for this payment.

Private Pay

If you do not have health coverage, you must make suitable arrangements prior to the appointment; otherwise we expect payment in full at the time of service.

****Non Contracting Health Plan****

If we are not a preferred provider for your health plan, you must pay in full at the time of service. We will courtesy bill your health plan and request that it reimburse you directly.

Preferred Provider Organization (PPO) Coverage

If we are a preferred provider for your health plan, you will be responsible for your co-payment at the time of services. We will bill your health plan for the allowable amount, and we will bill you for the balance. While we contract with numerous PPOs and insurance companies, we do not guarantee that we are--or that we will remain--a contracting provider for your health plan. Some of our contracts may change. You should contact your health plan to verify that we are a contracting provider at the time of service.

Point of Service (POS) Options:

If you have chosen to exercise your POS option, this may result in: 1) reduced benefits from your insurance plan; 2) a deductible or co-payment; or 3), an inability to return to your primary care provider (PCP) for referral for procedures or surgery. Once you have decided to use the POS level of benefits, your health plan will most likely process all future bills from this office at the POS level including fees for diagnostic tests and surgery. "Retro-Authorizations" from your PCP usually cannot be accepted. You may wish to check these rules with your health insurer.

Medicare

We accept Medicare assignment.

Medicare will only pay for services that it determines are "reasonable and necessary" under section 1862 (a)(1) of the Medicare law. If Medicare determines that a particular service is "not reasonable and necessary" under Medicare program standards, Medicare will deny payment for that service, even if that service might otherwise be covered. Our determination in consultation with you that a service is reasonable and necessary may not be the same as Medicare's. Medicare also does not currently reimburse the costs of hearing aids and examinations for hearing aids (including audiograms).

If your health plan denies coverage for any reason or otherwise fails to make payment in full within forty-five (45) days, you agree to pay all bills in full.

If you delay, refuse to pay, or refute your bills, we may refer the bills to a credit collection agency or an attorney and we may report the unpaid bill to a local credit-reporting bureau.

You agree that you will pay your bills in full on time and you agree that if we reasonably need to seek the services of a collection agency or an attorney because of a dispute or non-timely payment of a bill, that you will reimburse us for the reasonable costs of collection and that the prevailing party in any dispute will be entitled to reasonable attorneys' fees. You also agree that if it is necessary to bring a legal proceeding to resolve a fee dispute, such action must be brought in a court in Orange County, California.

****Please initial if we are NOT a contracted provider for your PPO****

(initials)

By signing below, you acknowledge that you understand and agree to all of the above terms.

PATIENT INFORMATION REGARDING ENDOSCOPY

In order for our physicians to do a complete and thorough Ear-Nose-Throat examination, an in-office endoscopy procedure may be necessary. This may come in the form of a nasal endoscopy (gently inserting a scope to examine your nose), a nasopharyngoscopy (to examine the back of the nose called the nasopharynx) or a flexible laryngoscopy (to examine the throat). These are routinely used to accurately examine and diagnose the many complex disorders found in the head and neck.

These procedures have been routinely covered by most insurance companies but sometimes they may be applied towards your annual deductible if you have not already met it for this year. They can be miscategorized under “surgery” on your copy of the insurance company’s “Explanation of Benefits (EOB).” We can assure you that we do not bill these in-office procedures as “surgeries” but some individual insurance companies still describe them this way *by their choice*.

Please direct any questions or concerns you may have in regards to any office endoscopic procedures to our office staff at the beginning of your office visit and to our physicians before any of these routine, standard of care examinations are performed.

Thank you,

ENT Specialists of Orange County
